

IOWA Testing at HEP TX, Inc. 2022

May 16 & 17, 2022

Grades 1-12; 9:30-12:30ish

We do not offer Kindergarten testing since it is not necessary to test this young.

Please note: There is not room for parents and siblings to remain at HEP during testing. We encourage you to go to the park or some other place where your young children can have fun while your other children are testing.

Also, parents must park in marked parking places and not block the parking lot exits. We share the Fuqua Business Park with many other businesses and need to be good citizens when parking. Please help us with this important safety issue.

How do I register with HEP?

Complete the HEP test registration form for each child. Mail, fax (281-922-0504), or drop the registration form by HEP Bookstore at 11665 Fuqua Street, Suite A-100, Houston, TX 77034 by March 30, 2022.

Test Fee - Payable to HEP Bookstore

$\$35 + \$2.89 \text{ tax} = \$37.89$

HEP Bookstore accepts cash, check or major credit cards. No refunds will be given for the \$37.89 registration fee unless the student withdraws by April 15, 2022. BJU will refund the money on un-used tests. This will be done by BJU, not HEP.

Will modifications be made for special needs students?

- We will not make any modifications since BJU requires that each special-needs child be tested in an individual environment.

How will I get my results?

- Results will be posted electronically to the parent's BJU Press account.
- Results normally take about two weeks for processing. Go to www.bjupress.com and login to your account using your login and password. An account would have been set up for you when you purchased the test. We will make every effort to ship the tests back to BJU for scoring as soon as the testing is complete.
- BJU will not accept partial orders so if a child is absent due to illness and wishes to make up the test on a later date, the testing cannot be returned until the make-up session is complete. We do make every effort to encourage parents to complete make-ups as soon as possible.

Who will administer the tests?

This year, we will use qualified/certified testers. These ladies are all HEP Teachers or parents and are wonderful with children. Each is experienced and will ensure that your child has the best possible conditions for testing.

The tentative testers include: Joanne Juren, Cheryl Red, Laura Coker-Garcia, Leigh Ann Whitman, Mandy McDonald, and several others yet to be identified.
