

HEP TX Summer 2024 Schedule

STEAM CAMP (Science, Technology, Engineering, Art, Math) Grades Entering First Grade – Eighth Grade

Mars Mission STEAM Camp

Imagine being one of the first astronauts to land on Mars, the Red Planet. You are beyond excited to explore this exciting new frontier. As you and your team begin to explore and set up camp, you realize that if you are to survive, you must use your engineering and critical thinking skills to solve life-threatening problems! Join the HEP TX STEAM CAMP Astronaut Corps this summer and immerse yourself in the exciting world of the Mars Mission.

Students will rotate through four age-appropriate sessions each day. With a variety of fun and engaging activities, students will explore science, technology, engineering, art, and math. From cool science experiments to exciting engineering projects, students will love the science, engineering, and technology sessions. During the art sessions, students will tackle challenging projects that relate to the topics of the day.

WHY STEAM CAMP? Students from First Grade to Eighth Grade will find these camps exciting and stimulating. Enrichment experiences in the STEAM fields will ignite the kind of curiosity that often leads to a fulfilling and meaningful work life. A two-year study of nearly 1600 middle school students across the country revealed that “students who once participated in science summer camps were more likely to later report a career interest in the science and engineering fields.” It’s clear that enrolling your child in a STEAM focused camp is an ideal way to provide more options as they start considering their paths through high school, college and beyond.

College Prep Courses

We recommend that the parent and student both take these courses.

Getting Ready for High School and College Seminar (Joanne Juren) – If you have a student in 7th grade or above, then this class is for you. During this informative seminar, Joanne Juren will discuss many topics pertinent to students just entering high school. Topics include goal setting, course guidelines from 7th – 12th grade, the 4-year plan, high school transcript, extracurricular courses and activities, job co-ops, testing for high school and college, scholarships, and many more! Each parent will create a 4-year plan for his or her student(s). There will be plenty of time for questions and answers! With one paid adult, the student may attend free of charge. Reservations required. The *Getting Ready for High School and College* book is available at the special rate of \$20.

Cost: \$45; \$65 with the book.

Date: Thursday, May 16

Time: 1-4 pm

Culinary Arts

Each of these courses is an introduction to Culinary Arts. Students will learn kitchen safety while learning to use knives and other kitchen equipment. Using delicious recipes that are age appropriate, students will prepare foods and eat the finished dishes. Students will be encouraged to prepare the dishes at home to share with their families. Classes will be held at Mornings Kolaches down the street from the school. A supply list will be provided before the course begins. Special thanks to the Salazar Family for letting us use the Mornings Kolaches kitchen!

Dates: July 29-August 1; 1-3 pm (2 hours per day)

Executive Functioning Skills Parent Workshop - Do you have a child who struggles with organization? Does he find it hard to get started on tasks? Does she fight you about bedtime? Does your child have “self-control” issues? Join Joanne Juren and other parents as we discuss EXECUTIVE

FUNCTIONING and how to enable your child to be successful in life!

Instructor: Joanne Juren

Cost \$40

Optional EF notebook: \$40 (this is the notebook students receive during the 8-hour student course).

Date: Thursday, August 1

Time: 9:30-11:30

Language Arts

Reading Camp: Syllables Solve the Mystery! (Grades 3-5) -

Vowels can be so confusing! How can students know what sounds they make in larger, unknown words? Syllables solve the mystery! In this engaging upper elementary camp, students will learn the six major syllable types and how to use them when reading unknown words.

Learning the clues to identify syllable patterns and apply them when reading new words empowers students to become confident, life-long

readers! Bring a folder with notebook paper and a pencil.

**This camp is for students who are fluent in basic reading skills and are ready to read multisyllable words.

Instructor: Mandy McDonald

Cost: \$150

Dates: July 22-25; 9-10:30 am

Writing Camp: WRITE! WRITE! WRITE! (Grades 3-5) - In this exciting elementary camp for grades 3-5, students will write, write, and write! First, they will practice the basics of paragraph organization and will write a descriptive narrative. Then, students will explore their creative side through different types of poetry and write their own poem. On the last day, the group will work cooperatively and write a fun story together! Bring a spiral notebook and a pencil.

Instructor: Mandy McDonald

Cost: \$150

Dates: July 22-25; 10:45-12:15 pm

Middle School Prep Camp: Noted! (Grades 6-8) - Are you ready for it?! Middle school requires a new skillset for studying that does not come naturally for many students. This interactive camp will set them on a path towards academic success! Students will have fun learning how to actively listen, take notes, and create strong study habits and test-taking skills. Bring a folder with notebook paper and a pen/pencil.

Instructor: Mandy McDonald

Cost: \$150

Dates: July 22-25; 1-2:30 pm

Middle School Writing Workshop for Grades 6-8 - Popcorn, a movie, and lots of laughs...this is the perfect camp for your middle school student. During middle school, it is important for students to develop strong writing skills. By understanding the writing process, students will better understand how to do writing assignments. During this four-day exciting and fun workshop, students

will focus on the paragraph format and write different types of paragraphs including descriptive, narrative, comparison, and literary analysis. Using high interest activities and literature, Mrs. Henry will excite even the most reluctant writer. This course is a must before students attempt the five-paragraph essay and high school. Class is limited to 15 students.

Instructor: Tiffany Henry

Cost: \$175

Dates: August July 29-August 1; 10-11:30 am

Five-Paragraph Essay Writing Workshop - Don't let the beast scare you! This four-day workshop for grades 8-12 will teach the basics of five-paragraph essay writing and help you tame the beast! Students will learn the basic structure of the essay through a visual drawing. They will practice each part of the essay and write one essay. Students will learn how to expand this “skeleton” to a longer research paper. This easy and interesting presentation will help even the “grumpiest” writer learn that writing can be easily mastered when given the proper tools! Mastery of the five-paragraph essay will help students earn success in both high school and college. Absolutely no one younger than 8th grade may attend this accelerated presentation. This course is not recommended for students who struggle with English or who do not have mastery of basic paragraph writing. The book *Writing Handbook* is required for the workshop and may be purchased at the HEP Bookstore. Class is limited to 15 students. New students planning to attend HEP's high school classes are encouraged to take this course.

Instructor: Tiffany Henry

Cost: \$175

Dates: July 29-August 1; 1-2:30 pm

Learning to Research - One of the biggest problems students face in the upper grades and college is researching ideas for writing for courses such as science, history, psychology, English, etc. Once the idea is found and the topic chosen, the most daunting task is the research. Students must learn how to research and then how to use quotes, summaries, and paraphrases in the paper to support their ideas. Using a collaborative research paper as the class project, students will learn to brainstorm and then narrow the topic and sub-topics down to a workable essay.

Then, using collegiate research tools, students will research ideas for this paper. Students should understand the MLA format and five-paragraph essays. The book *The Writing Handbook* is required. Recommended for grades 10 and up. Class is limited to 15 students. A laptop or smart phone is required to conduct research in class.

Instructor: Lilly McDonald/Joanne Juren

Cost: \$195

Dates: July 29-August 1; 10:00 – Noon

No Be Verbs Workshop – This 2-hour workshop will help both the student and parent better understand the concept of elevated writing by focusing on removing “to be” verbs, the verb “to have,” and “dead words” on the No-No list. Students and parents will practice elevating sentences during the workshop.

Instructor: Joanne Juren

Cost: \$35 student; \$15 parent

Date: August 2; 10-noon
